

List of Rate Study Questions for JPA Staff

Questions:

1. **Who will be voting?** What are the specifics of determining who's on the Tax Roll and who's not on the Tax Roll? Review details of selection criteria.
When will JPA members be able to review the Roll?
2. How are we going to determine 1st Year extraction amounts to be used on the Tax Roll?
Should this be artificially low?
3. Are we going to address "fallowers" on the 1st Year Roll?
4. Will the 1st Year Roll constitute a "Recognized Pumpers" List?
Will it be presumed as some sort of allocation or grant of future pumping amounts?
5. Are we going to release a preview of 1st Year Roll for landowners' review and comments?
6. How will JPA be prepared to answer questions?
 - a. General questions from rate payers.
 - b. Making adjustment to Roll.
 - c. Inquiries from title companies and appraisers.
7. How will we handle "pumpers" who show **pumping** in succeeding years but were not on previous year(s) list of "Recognized Pumpers"?
8. When are we going to develop FY25/26 Operating Budget?
9. Will 1st Year actual invoiced rate be included in the 218 Ballot materials?
10. What are the definitions of Applied Water and Consumptive Use and other terms?
11. Do we need an Outreach Plan?
12. What are the remaining decisions the JPA will need to make in order for SCI to finalize the Rate Study?
13. What is the detailed schedule and deadline(s) the JPA will need to address.
14. Are we going to facilitate landowners who want to use meters?
